FOOD CONTACT CERTIFICATION

We confirm that the STAINLESS STEEL WILCO GLOVES supplied by Bunzl Food Processor Supplies are produced from materials which conform to below standards and are therefore classed as suitable for direct food contact.

The steel used in the manufacture of GCM complies with the following standards:

- NF A 36-711 Standard requirements about Stainless steel intended for use in contact with foodstuffs, products and beverages for human and animal consumption (non packaging steel);
- NF EN 1811 Reference test method for release of nickel from products intended to come into direct and prolonged contact with the skin.

The polyurethane used to manufacture the straps of GCM complies with the following requirements:

- Regulation (CE) No.1935/2004 concerning materials and objects intended to come into contact with foodstuffs;
- Regulation (EU) No.10/2011 concerning plastics materials and objects intended to come into contact with foodstuffs.
- Regulation (CE) No.2023/2006 concerning good manufacturing practices for materials and objects intended to come into contact with foodstuffs;
- FDA section 175.105 (Adhesives) and section 177.1680 (Polyurethane Resins).
