

# Cleaning and Disinfecting Wipes

Cleaning and disinfecting are terms often used interchangeably. Each step is actually a different process, and both are equally important in securing a clean and safe environment.

The Premier wipes range cleans and disinfects non-porous surfaces, ensuring that you can have the correct wipes for both steps of the process.

## Step 1: Clean

Use to remove dirt and soil to clean.

Detergent

## Step 2: Disinfect

Kill 99.999% of bacteria and germs (tested to EN1276) to disinfect.

Disinfectant Alcohol-Free

Disinfectant Alcohol

## DETERGENT WIPES

CODE	DESCRIPTION	MATERIAL	SHEETS	SIZE	UOM/Qty
