

# Pristine

## HYGIENE SOLUTIONS

The Total Washroom Solution

## Sugarcane Paper Range

Pristine Sugarcane hand towels and toilet tissue are made from recycled sugarcane pulp, creating a quality, softer and more sustainable product for your washroom.

Delivering value with high-quality hygienic paper solutions

Recycled sugarcane pulp being processed into paper products creates a paper range that is great for both consumer use and the environment.

## Features & Benefits

- Soft, highly absorbent products
- No added fragrances
- Converts waste into quality washroom products
- Requires less bleaching than tree-based paper
- Designed to suit any washroom colour palette

## Made from Renewable Sources

Pristine Sugarcane Paper Range products are made from sugarcane pulp (bagasse). Bagasse is the fibrous residue left over after the sugarcane has been crushed and the sugar has been extracted. The finished product is strong, water resistant and made from renewable sources.

## HACCP International Certified

Selected Pristine roll towels and hand towels are HACCP International certified meaning they are suitable for use in facilities that operate in accordance with a HACCP International based Food Safety Programme. This is an internationally recognised method of identifying and managing food safety risk.
