SUSBRLIDPAP02K	Paper Lid to suit Kraft Paper Bowl	Kraft Brown	12-24oz	CTN/500	

### Made from Renewable Sources

Sustain Paper Bowls are made from renewable paperboard material with a PLA (polylactic acid) inner lining. PLA is a bioplastic derived from natural, renewable, plant-based sources such as sugarcane and corn.

### Commercially Compostable

Compostable products will breakdown into nutrient-rich organic matter which can be used as a fertiliser for plants. Sustain Paper Bowls, along with their paper and PLA lids, are ABA certified compostable in industrial facilities, so will breakdown under specific conditions in accordance with AS 4736:2006.
