SUSPCLIDPET2/4	PET Lid to suit Paper/PLA Portion Cup	Clear	Fits 60mL / 2oz	Carton of 2000	

### Made from Renewable Sources

Sustain Sugarcane Portion Cups are made from sugarcane pulp (bagasse), which is the fibrous residue left over after the sugarcane has been crushed and the sugar extracted.

Sustain Paper Pleated Portion Cups are made from renewable, sustainably sourced, unlined wood pulp paper.

Sustain Kraft Paper Portion Cups are made from renewable wood pulp paper, and have a PLA (Polylactic Acid) bioplastic lining.

### Compostable

Compostable products will breakdown into nutrient-rich organic matter which can be used as a fertiliser for plants. Sustain Portion Cups (Sugarcane, Pleated Paper and Paper/PLA) are compostable in industrial facilities so will breakdown under specific conditions.

(Please dispose of the PET lid separately in co-mingled recycling)
