## Washing Lotion with perfume, Abena, VEST, 500 ml, colorant-free, with fragrance

- ✓ Removes unpleasant odors
- ✓ Leaves a protective layer on the skin
- ✓ Easier work routines

### Product Description

Abena Washing Lotion is mild and with effective cleansing properties for personal hygiene. A good alternative to traditional washing with water and soap. Using this product avoids soap residue on the skin, which can be a strong irritant. You also avoid the bedclothes to get wet. The Washing Lotion is the ideal solution for bedridden, immobile and/or incontinent patients. It removes perspiration salts and unpleasant body odors effectively and leaves a protective layer on the skin. Furthermore, it helps reduce inflammation as it contains allantoin. In combination with a soft cloth or wash glove it is a very gentle way of being washed with little friction to the skin.

Can be used on both children and adults. Apply and distribute carefully after removing visible urine and/ or feces. Wipe the excess lotion away with a soft wash glove or similar alternative product. For daily care. Dosage according to need. This product should only be used externally on the body. Avoid contact with eyes.

### Specifications
